## **High School Improvement Plan**

Liz Anthony, Principal  
2011-12

## *Philosophy of the Springlake-Earth PSD*

We believe that a strong work ethic is foundational to the success of any endeavor within which we engage. While we fully recognize the crucial importance of planning and strategy, worth-while endeavors do not happen with precise planning alone--hard work is a must. Life is a series of choices for every individual, and we believe that every student should be instilled with a strong work ethic so that (s) he may choose to employ it throughout a lifetime.

We believe in high expectations for success. We will strive to encourage a climate of expectation in which the staff believes and demonstrates that all students can attain mastery of the essential knowledge and skills (and make the conscious choice to work to do so) to accomplish the task at hand. For this to be most effective, first, teachers must recognize that high expectations for student success can happen effetely only when teachers have high expectations for self. Second, the school organization must assure that teachers have access to the necessary “tools” to help them achieve successful learning for all students. Third, the school, as a cultural organization, must recognize that it must be transformed from an institution designed for “instruction” to an institution designed to assure “learning!” (Lezotte, 1991)

We believe that to optimize the total school experience, everybody associated with the school must have pride in self, school, family, and community. As a human race, we take pride in our accomplishments and successes. We tend to work harder for the things that are important to us. Thus, the greater the pride that we collectedly take in the school as an organization, the greater the levels of success we will all enjoy.

We believe strongly in the importance of character. We are strongly of the opinion that an organization with a safe and orderly environment filled with disciplined people who exhibit the highest levels of character is one that develops a culture of success. This is a move beyond the elimination of undesirable behavior to a cooperative and collaborative environment where character is exhibited, voices are heard, and good choices and decisions are made.

We value the importance of goal-driven activities where success resulting from hard work, guided by high expectations, can be measured and celebrated by the disciplined individuals on the team that made it happen. Goals by their very nature build in a level of accountability that goes hand in hand with high expectations.

## *Springlake-Earth ISD Vision*

Our vision at Springlake-Earth ISD is three-fold:

First, we want everybody who is or has been associated with the school in any way to join us with great pride in claiming the school as **OUR SCHOOL**.

Second, we want that pride to come as a result of the good things that are happening because of **OUR CHOICES** that are driven by high expectations, coupled with disciplined, hard work.

Third, we want everybody to understand that the goal-driven choices made by disciplined people who exhibit high levels of character make a direct impact on **OUR FUTURE**

Thus, the Springlake-Earth ISD vision can be summarized as:

**OUR SCHOOL**

**OUR CHOICES**

**OUR FUTURE**

*Springlake-Earth ISD Mission*

Our mission is to transform our school from

**GOOD**  
**TO**  
GREAT

## Goals and Objectives

**Goal 1: Springlake-Earth High School will have 90% of the student population, including the target populations; pass all portions of the STAAR/EOC 2008.**

Performance Objective 1: 90% of all student populations will pass the STAAR/EOC Reading/ELA

Performance Objective 2: 90% of all student populations will pass the STAAR/EOC Math

Performance Objective 3: 90% of all student populations will pass the STAAR/EOC Science

Performance Objective 4: 90% of all student populations will pass the STAAR/EOC Social Studies

**Goal 2: Springlake Earth High School will provide a curriculum and culture of success for all students.**

Performance Objective 1: Special Programs will be offered for eligible students and 90% of all students in the programs will pass the STAAR/EOC/ in all subject areas

Performance Objective 2: 100% of high school students will graduate within 4 years from entering high school and the dropout rate will be 0%

Performance Objective 3: The number of students taking AP/DC classes and students graduating with the recommended/distinguished seal will increase from the previous year

Performance Objective 4: The number of students taking the ACT/SAT will increase; and of those taking the test, 50% or more will make the criterion score or better

**Goal 3: Springlake-Earth High School ISD will encourage positive student behaviors and create a safe and drug free environment for increased student achievement.**

Performance Objective 1: Student attendance will be 96% or higher

Performance Objective 2: Student disciplinary referrals will decrease from the previous year

**Goal 4: Springlake-Earth High School will promote parent and community involvement in order to provide the best possible education for all students.**

Performance Objective 1: Parent involvement will increase from the previous year as documented with parent contacts
