

# Resources for your Teacher Toolbox

**Week 1: 10/14-10/18**

## This Weeks Feature: Aware SubCluster Intervention Report

**In aware this report allows you to take a unit test and break it into subclusters or topics. You are able to set your own threshold of what percent you would like to see your students being successful on a particular topic. Once you have filled in the required information the report generates a list of students who got the concepts and who is not there yet. This report is great to use as a quick guidance for interventions.**

## How to Access the Report

**ON the Analyze Main Page, scroll down until you see the word Reports**

A screenshot of the Aware software interface. The left sidebar contains a navigation menu with categories: Analyze, Axiom, Assessments, Students, and Forms. Under the 'Reports' category, a blue arrow points to the 'Reports' option. The main content area is mostly blank with a light yellow background. The top of the interface shows the 'Aware' logo and a 'Test Available' notification. Below the notification is a 'Search Data' search bar. The 'Analysis Options' section includes 'Create a New Data View' and 'Upload Test Files'. The 'Team Management' section includes 'Edit My Teams' and 'Create a New Team'.

# On the reports page you want to click on the SubCluster Intervention Report

The screenshot shows the lead4ward Reports page. On the left is a sidebar with categories: Analyze (Test Available, Search Data), Axiom (Periods), Assessments (Quick Views, My Saved Views, District Views), Students (All Eighth Grade Students, All Ninth Grade Students, All Tenth Grade Students, All Eleventh Grade Students, All Science Students), Forms (My Student Groups, My Student Portfolios, Reports), and Analysis Options (Create a New Data View, Upload Test Files). The main content area is titled 'Teacher lead4ward Reports' and contains several report thumbnails: 'Incorrect Responses Report', 'Student Test Summary Report', 'Student Forms Status Report', 'Leadership Report Card and Teacher Learning Reports', 'SubCluster Intervention Report' (highlighted with a blue arrow), 'TEKS Scaffold', 'Campus Quintile Report', and three other data table thumbnails.

**Enter you testing information and the thresholds cut score for you Got it and Not Yet categories.**

The screenshot shows the lead4ward configuration page for a report. The left sidebar is identical to the previous screenshot. The main content area is titled 'Home' and contains four configuration steps: 1. Grade Level / Subject (Grade 8 - Science), 2. Filter (All Students), 3. Assessments (Teacher Unit & Classroom Test 2019-2020), and 4. Threshold (65%). A 'Next >' button is visible in the bottom right corner.

# SubCluster Intervention Report

10/14/2019

Eduphoria! Aware

## Subcluster Intervention Report: Grade 8 Science

Teacher: Leslie Daugherty for All Students

Date: 10/14/2019

Assessments: Science Grade 8 CBA 1 Unit 1 8.5abc

Threshold: 65%

### >> Properties of Atoms

8.5 Matter and energy. The student knows that matter is composed of atoms and has chemical and physical properties.

Structure of Atoms				Unit	Overall%
					69
